

Navigator+

Who is it for?

Anyone currently on the Smartsheet Platform that doesn't feel like they are getting the most out of their investment or doesn't know where to start. Whether you are on Core Smartsheet and want to explore some of the Premium Applications that Smartsheet has to offer or you are on Advance Silver and you are curious if Bridge by Smartsheet is something your organization could use - Prime Consulting Navigator+ is the solution to your problem!

What is PCG Navigator+ ?

The PCG Navigator program is a free engagement and working session with PCG resources to get a better understanding of what Smartsheet programs/footprint you are using, your company structure and where Smartsheet has been utilized within the organization. In addition, PCG will address current pain points and do a complete overview of the Smartsheet platform and talk through their future options and needs. Coming out of the Navigator session, you will be provided with our findings that we would recommend you explore as well as Roadmap to get there.

The (+) to Navigator+ is where we take you to the next step! We will help you navigate Smartsheet and make sure you are using it to its optimal capabilities. We will take your Roadmap and start mapping out enhancement from a deeper dive Health Check to an Optimization to New Module Implementation - we will Navigate your organization wherever it needs to go!
